

Join us for the

SolarReadyFlorida

Working Group Meeting

When:

**Tuesday, September 8th
1:30 pm until 3 pm**

Where:

**Tampa Bay Regional Planning Council
4000 Gateway Centre Blvd, Suite 100
Pinellas Park, FL 33782
Map/Directions to TBRPC**

MEETING TOPICS

- Implementing Solar Best Management Practices (BMPs): The Solar Landing Page for Local Government Websites
- Implementing Solar BMPs: Solar Ready Construction Guidelines
- Solarize Projects: What are they and how do they work?
- Recap of Energy Summit Tampa Bay, the regional energy summit hosted by TBRPC in May
- Group discussion about solar energy-related topics of interest

WHO SHOULD ATTEND?

The Solar Finance Workshop will include representatives from local governments (including elected officials, planning/zoning officials, sustainability coordinators, green officers, and building/permitting officials), solar contractors, electric utilities, lending institutions, and others interested in improving the Tampa Bay region's market for solar photovoltaic (PV) systems.

WHAT IS SOLAR READY FLORIDA?

Solar Ready Florida is a collaborative effort to improve solar market conditions in the Tampa Bay area. Working with local governments and other key stakeholders, Solar Ready Florida looks to increase adoption of residential and commercial solar photovoltaic (PV) systems through the implementation of solar best management practices (BMPs).
